4th International Summit

Conference on Medical and Public Health Nutrition
Education and Research

Friday 20th July, Cambridge, UK

NNEdPro Global Centre for Nutrition and Health

Improving health through medical nutrition knowledge

We are an award-winning, interdisciplinary think-tank, training academy and knowledge network anchored in Cambridge, which provides a centre for international excellence. We work extensively within and across borders, through strategic partnerships and key collaborations.

CELEBRATING 10 YEARS OF NUTRITION EDUCATION, RESEARCH AND INNOVATION

Founded in 2008, NNEdPro is celebrating 10 years of working to improve nutrition-related health outcomes by training professionals, strengthening research, implementing solutions and addressing inequalities, in line with the United Nations' Sustainable Development Goals and Decade of Action on Nutrition 2025.

NNEdPro undertakes continuing nutrition education needs assessment relating to medicine/healthcare to develop, deliver and evaluate a range of innovative education and training interventions with particular emphasis on effective delivery methods and healthcare impact.

Overall, the inter-related aims of NNEdPro activity are:

- Delivery of Medical/Healthcare Nutrition Education
- Research into Medical/Healthcare Nutrition Education
- Nutrition Research for Translation to Medical/Healthcare Education
- Building Capacity and Policy Impact in Medical/healthcare Nutrition for Practitioners, Researchers, and Educators

A POTTED HISTORY

INTERNATIONAL CONFERENCE – 20th July

Our **4th NNEdPro International Conference on Medical and Public Health Nutrition Education and Research** will take place on **20th July 2018**. Held in the conference facilities of the Clinical School on the Addenbrookes Biomedical Campus in Cambridge, this year's conference brings together experts from across the globe to strengthen and promote international initiatives and exchange knowledge on medical nutrition education and research. In 2018, we celebrate our 10th anniversary year and to mark this the theme of this year's conference is **Nutrition as a Hard Science**.

The conference engages stakeholders from over 20 countries, including medical student associations, medical education associations, patient representative groups and nutrition societies, bringing up to 450 delegates together for innovative discussion and lively debate. In addition, we have many exciting developments to share at the Summit, including the launch of **BMJ Nutrition, Prevention and Health**, which we co-own with the BMJ Group!

NNEdPro International Conference on Medical Nutrition Education and Research

Expert Speakers:

Session 1: Nutrition As A Hard Science

Session 2: Implementation Science

Session 3: Meeting Global Nutrition Challenges

Essay Competition:

'Developing international knowledge networks in nutrition'

Poster Exhibit:
